

## 2017 Graduation Survey Results

Each semester, Calhoun Community College conducts the Graduating Student Survey to all graduation candidates. This survey is meant to gauge post-graduate plans regarding additional education and employment, as well as information regarding participation and satisfaction of various services and programs during their Calhoun Community College experience. Calhoun Community College provides this information in compliance with the Student Right-to-Know Act. This summary provides the most recent survey results.

<b>Are you planning to continue your education?</b>	
Yes	72%
No	5%
Possibly	23%

<b>Are you currently employed?</b>	
Yes	66%
No	34%

<b>If so, do you have the same job you did when you first started attending Calhoun?</b>	
Yes	43%
No	56%

<b>If employed, are you utilizing the degree/certification earned in your current position?</b>	
Yes	37%
No	63%

<b>If you are not utilizing your degree/certification, is that by choice?</b>	
Yes	63%

\*Beginning in 2018, the office of Career Services and Cooperative Learning will conduct a follow up survey regarding job placement approximately six months' post-graduation. This information will be reflected in future survey summaries.
